Rising price of cement

†2535. SHRI DILIP SINGH JUDEV: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether any scheme has been formulated to bring down the continuously increasing prices of cement in the country;

(b) if so, the details thereof;

(c) the procedure adopted by Government of Chhattisgarh in this regard; and

(d) the details of success in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (DR. RAMAN SINGH): (a) and (b) Cement is fully decontrolled commodity and its prices are determined by the market forces of demand and supply. The Government does not regulate these but only monitors fluctuations in these. The prices of cement as shown in the enclosed Statement (*see* below) have however, not shown an increasing trend for over a year.

(c) and (d) Prices of cement even in the Chhattisgarh State are determined by market forces of demand and supply as explained at (a) and (b) above. However, on a special appeal made by the Chief Minister of State, the cement companies supplied cement only for Government works at marginally concessional rate for a limited period of six months. Now, even for Government works, the State Government has to pay the price determined by the market forces of demand and supply.

†Original notice of the question was received in Hindi.
